

# **Elevance Payer Policy: Continuous Glucose Monitor (CGM) Supply**

CPT/HCPCS Code: E2103 | Version: 2026-Q3 | Effective Date: 2026-07-01

## **Specialty Requirement**

This service requires a referral from: Endocrinology or Primary Care Provider.

## **Required Supporting Documentation**

1. Prescription/Order
2. Clinical Notes detailing insulin regimen
3. Patient Blood Glucose Logs

## **Clinical Prerequisites**

1. Diagnosis of Type 1 or Type 2 Diabetes Mellitus
2. Patient requires administration of insulin at least 3 times daily or uses an insulin pump
3. Patient or caregiver is sufficiently trained to use the CGM device based on provider assessment

## **Notes**

Requests lacking any of the required supporting documentation above will be returned to the provider for additional evidence unless the case includes clearly documented exigent circumstances warranting expedited review.
