Riverside Radiology — Diagnostic Imaging Report

Exam: Lumbar Spine, 2 Views (AP/Lateral) **Date of Service:** 2026-05-28 **Ordering
Provider:** Elena Marsh, MD **Clinical Indication:** Low back pain with radiculopathy

Findings: Mild disc space narrowing at L4-L5. Vertebral body heights preserved throughout. No acute fracture. No spondylolisthesis. No destructive osseous lesion.

Impression: Mild degenerative changes at L4-L5. Recommend MRI for further soft-tissue and disc evaluation if symptoms persist.

Signed: Dr. Patricia Nguyen, Radiology
