Parkview Family Medicine — Office Visit Note

Visit Date: 2026-07-19 **Provider:** Miriam Okafor, MD

Subjective: Patient continues to report low back pain with some leg symptoms. Has tried some conservative measures over the past couple of months including exercises and over-the-counter medication.

Objective: Some mild weakness noted on the left side on today's exam. Straight-leg-raise documented as positive. No red flags reported by patient; nothing concerning noted on today's review.

Assessment: Ongoing low back pain with leg symptoms.

Plan: Requesting MRI lumbar spine due to ongoing symptoms.

Electronically signed: Miriam Okafor, MD
