### Internal Medicine Associates — Pre-Operative Clearance

---

**Visit Date:** 2026-07-05 **Provider:** Angela Cho, MD

**Reason for visit:** Pre-operative medical clearance for right total knee arthroplasty.

**History:** 67-year-old patient with well-controlled type 2 diabetes (most recent A1c 6.8%) and hypertension, both stable on current regimen.

**Cardiac Risk Assessment:** Revised Cardiac Risk Index — low risk. No active cardiac symptoms. ECG today unremarkable, normal sinus rhythm.

**Assessment:** Cleared for total knee arthroplasty from a medical standpoint. Recommend routine perioperative glucose monitoring.
